HUMAN RESOURCE CONSULTING

Human Resource Management (HRM) is the integrated use by an organization of systems, policies and management practices to recruit; develop and retain employees who will help the organization meet its goals.

HRM plays an important role in assuring employee satisfaction, improving performance and productivity. This can further an organization's competitive advantage, and directly contribute to the organization's success.

We provide our clients with customized management, human resource, and training solutions through project based arrangements or complete outsourcing of the human resource function

a. Talent Hunt

CGS (Pvt.) Limited is offering educational institutions to send their fresh graduates to the company to arrange their training. During training and internship period our experts make assessment of the performance for that candidate. According to the capability of student we refer that fresh graduate to the relevant field.

b. Recruitment Service

People are not your most important asset, the right people are. “Get the right people on the bus, the wrong people off the bus, and the right people in the right seats.” No matter what kind of business you are in, having the right people determines success or failure.

Recruitment is a costly process and getting it wrong can have a serious impact not only on operational effectiveness, but also on morale within an organization. We find the best solution for our clients by acquiring a thorough understanding of their needs and taking a fresh look at how, when and whom to recruit.

CGS implements comprehensive techniques to manage the recruitment with induction of IQ/EQ tests and assessments to hunt swashbuckling, charismatic, innovative and energetic exceptional talent for our valuable Clients.

c. HR Management Policies & Analysis
